

Sedibeng TVET College provides work readiness workshops to exiting students at all campuses. This is the initiative that demonstrates the College's commitment to preparing students for the workforce. These workshops are a valuable resource for students, equipping them with the skills and knowledge necessary to successfully transition into the labor market.

By offering work readiness workshops, Sedibeng TVET College acknowledges the importance of bridging the gap between academic education and the demands of the modern workplace. These workshops provide students with a comprehensive understanding of the skills and competencies required by employers, enabling them to develop the necessary attributes to become job-ready.

The workshops likely cover essential topics such as CV building, interview preparation, job search strategies, and professional etiquette, among others. By addressing these critical areas, the College ensures that students are well-prepared to navigate the job market and increase their chances of securing employment.

By investing in work readiness workshops, Sedibeng TVET College is not only enhancing the employability of its students but also contributing to the development of a skilled and competent workforce. This initiative aligns with the college's objective to provide high-quality education and training that prepares students for the demands of the modern economy.

If you have any further questions or would like more information on Sedibeng TVET College's Work Readiness services, please do not hesitate to consult the Office of Student Support Services (SSS) on campus.
